

CHANGES TO ILL SERVICE

The County of Lennox & Addington Libraries is no longer offering Interlibrary Loan (ILL) Services.

What is Interlibrary Loan service?

Interlibrary Loan service is a service that was provided by the provincially-funded Southern Ontario Library Service (SOLS) that allowed our library to supply patrons with library materials from outside of L&A County. The service allowed patrons to access materials from libraries across Ontario and Canada. Please note that local deliveries between L&A branches (Amherstview, Bath, Napanee, Tamworth, Yarker) are not affected.

Why is this happening?

On April 18, we received notice that due to an over 50% reduction in their operating budget, SOLS had ceased the provincial service of Interlibrary Loan.

What does this mean for patron service?

Any materials we would have requested through ILL we will not be able to supply.

What will stay the same?

We will still take requests for new materials. We will consider purchasing requested material as our budget allows. We will still continue to offer our branch-to-branch service, which allows you to check out, place holds on, and return items to any branch within L&A County.

Please bear with us as we adapt to these changes. Thank you for your support.
